CLIENT OUTCOMES

Increased confidence and independence both inside and outside of the home:

- The lightweight, Aspire Vogue 4-wheel walker with its tight turning circle and good manoeuvrability, can support users to access areas they need to within their home
- The large wheels and lightweight frame make it easier to manage different floor surfaces and suitable outdoor terrain.
- The enhanced stability and support provided to those with impaired mobility, can increase the user's confidence and feelings of safety to continue their daily activities

Enhanced community access and social connection:

- The lightweight and easy folding frame makes the Aspire Vogue Carbon Fibre Seat Walker easy to lift into and out of a car, supporting access to the community and continued social engagement
- The seat and back support enable rest breaks when out and about, to assist pacing and energy conservation and reduce pain and fatigue. This can increase confidence in going out as the user can be assured that they can rest when needed
